

# Families for Effective Autism Treatment

## FEAT-Houston

### How does FEAT-Houston serve parents and professionals who work with individuals with Autism Spectrum Disorders?

- FEAT-Houston hosts low-cost, high-quality workshops every year providing training on effective teaching procedures for individuals with autism and other developmental disabilities. Scholarships are available for parents in financial need, volunteers and public school staff.
- Scholarship opportunities for parents and school staff to attend area conferences presented by national speakers.
- Training DVD available for the ABC's of ABA workshop in English & Spanish.
- FEAT's website - [www.feathouston.org](http://www.feathouston.org) – contains links to:
  - Events page kept updated with listings of local trainings – many free
  - Resources page filled with information about autism, ABA, and supporting research
  - Research page with information on how to evaluate treatment options, research summaries & guides
  - Special section for professionals
  - Listing of materials available in Spanish
- Sign up for FEAT's email list at [www.feathouston.org](http://www.feathouston.org) and receive notices of upcoming trainings, workshops, links to other research-based organizations, scholarship opportunities for conferences and more.
- Tuition reimbursement scholarships available for public school teachers interested in pursuing certification in behavior analysis.
